

KADING COMPANIES S.A.

Vision. Opportunity. Steadfastness.

September 11, 2012

PRESS RELEASE

New York, NY. September 11, 2012. Kading Companies, S.A. (OTC: KDNG) is excited to announce their engagement with an outside funding source to raise \$20 million for their latest mining projects. With a major business shift towards precious metals in Peru and copper mining in Chile, the funding source will prove to be an essential part of the company's success. While there is still significant work ahead for Kading Companies, the funding source is very confident it will source such funds allowing significant progress to be made in Peru and Chile. The closing date of the funding is expected to be by late December 2012. For more information visit www.kadingco.com or contact Megan Sheppard at 212-918-4998.
